The Yucaipa Rodeo Committee welcomes you to the sixth annual Yucaipa Rodeo! What started as a one-day rodeo in 2018 with just Bulls and Barrels is now a 6-event (plus mutton busting) action packed two-day rodeo.

This year and every year we would like to recognize our military services and first responders, especially those who gave the ultimate sacrifice for our safety and freedom.

We would like to thank the City of Yucaipa and our wonderful Sponsors for helping us bring the 2024 Yucaipa Rodeo to our community. We encourage you to support the sponsors who support us! We couldn't do it without our volunteers, sponsors, vendors, donors, contestants, performers, queens, drill team, and livestock crew that make this a great event.

And of course, we wish to thank all of YOU for attending. Your support helps bring improvements to the Yucaipa Equestrian Center that will benefit our entire community, especially the youth. So, THANK YOU! And now that you're here, please enjoy visiting our numerous vendors including great food, western themed merchandise, and 2 beer gardens. The Rodeo Committee has been working hard all year long and we are excited to show you the cowboy spirit at the 2024 Yucaipa Rodeo!

MUTTON BUSTING

Welcome to the world of Mutton Busting! Wannabe rodeo stars start small. Mutton Busting is a junior rodeo event featuring young cowboys and cowgirls, ages 3 to 7, who weigh less than 55 lbs. They ride sheep...wild and wooly sheep. Like bull riders, mutton busters are scored on a scale of 100 points. The rider must stay on the animal for six seconds, at which point the judges award half the points for the style of the rider and half for the aggressive qualities of the sheep. Mutton Busting is very popular and we love to start off the night with this event!!!

BULL RIDING

Bull riding is a rough stock event where the cowboy/girl rides a rodeo bucking bull and tries to stay on for a full eight seconds, while the bull tries to buck, jump, twist, turn, and spin to unload the rider. The cowboy holds on to the bull with one hand secured to a flat braided rope, which is wrapped around the bull's girth, while squeezing the sides of the bull with his legs. The bull rider does not need to mark out, but he must not let his hand come out of the rope and he must not touch the ground, the bull, or himself with his other hand. A horn sounds at eight seconds and pick up men and clowns tend to the bull to ensure the cowboy can safely leave the arena. The rider only receives points if he lasts the full eight seconds and the point scale is zero to 50. He does not need to use his spurs, but he will get a higher score if he is actively engaged with the bull. Judges look for an active bull that bucks, twists, spins, and turns and a bull always receives a score zero to 50, even if the rider is bucked off. If a bull fails to perform adequately, the judges may offer the cowboy a re-ride. A total combined score in the 90's is definitely an award-winning ride!

CALF ROPING

Calf Roping or Tie Down Roping is rooted in the working ranches of the old west when it was necessary for cowboys to rope and quickly immobilize calves for veterinary treatment. In this timed event, the calf is given a head start before the rider gives chase and attempts to rope it. As the horse stops, the rider dismounts, runs down the rope, and tackles the calf onto its back. He then ties three of the calf's four legs together, with a rope called a piggin string, which he carries in his teeth. The clock is stopped when the roper throws his hands in the air. Success in this sport is all about speed: who can complete this event the fastest wins the day. But since time penalties can be awarded for a number of technical violations, pure speed isn't everything; competitors must be fast and technically flawless. Typically, two judges officiate this event. One judge is stationed near the chute (foul line judge) and the other is down the arena closer to where the calf will be tied down (field judge). If the cowboy breaks the barrier, the judge will add a 10 second penalty to the time. Any unnecessary roughness will result in disqualification, and possibly also a fine. Time penalties can be awarded to both the cowboy and the horse. The teamwork between cowboy and horse is key to success – and a powerful testament to the strong bond between cowboy and horse. BAREBACK BRONC

Each competitor climbs onto a horse, which is held in a small pipe enclosure called a bucking chute. When the rider is ready, the gate of the bucking chute is opened and the horse bursts out and begins to buck. The rider attempts to stay on the horse for eight seconds without touching the horse with their free hand. On the first jump out of the chute, the rider must "mark the horse out". This means they must have the heels of their boots in contact with the horse above the point of the shoulders before the horse's front legs hit the ground. A rider that manages to complete a ride is scored on a scale of 0-50 and the horse is also scored on a scale of 0-50. The ride as a whole is rated as the sum of these individual scores: scores in the 80s are considered very good, and in the 90s are considered exceptional. A horse who bucks in a spectacular and effective manner will score more points than a horse who bucks in a straight line with no significant changes of direction. Wikipedia

SADDLE BRONC

Saddle Bronc Riding evolved from the task of breaking and training horses to work the cattle ranches of the old west. It is a rough stock event where a cowboy/girl rides a rodeo bucking horse and tries to stay on for a full eight seconds. A good bucking horse will potentially give the cowboy a spectacular ride as the horse tries to buck, jump, twist, and turn to unload the rider as quickly as possible. The cowboy/girl uses one hand to hold onto a rope which is attached to the horse's halter. A horn sounds when the 8 seconds are up and pick up men help the cowboy dismount from the bronc to help keep him safe. Judges watch to make sure the cowboy "marks out" properly (the cowboy's feet must be above the point of the horse's shoulders when the horse's front feet hit the ground), doesn't touch anything with his free hand, spurs and moves effectively while keeping both feet in the stirrups, and lasts the full eight seconds. If he/she manages to achieve the above, a score of zero to 50 is given to the rider and a score of zero to 50 is also given to the horse. A total combined score in the 80's is very good!

ARENA ROCK REMOVAL

**When Every Step
Counts**

TEAM ROPING

Team Roping, the only true team competition in rodeo, is a timed event where two cowboys/girls or "ropers" try to capture and immobilize a steer in record time. The event originated on ranches when cowboys needed to treat, or brand large steers and the task proved too difficult for one man. The team consists of the header and the healer. When the cowboys are ready, the header will nod his head and the steer will charge into the arena. As the steer reaches its head start distance, the roper's barriers are released, and the header takes off in quick pursuit. The healer follows, staying a fraction of a second behind. The header must make one of three possible catches on the steer's head area: around both horns, around one horn and the

head, or around the neck. After the header makes his catch, he dallies the rope to his saddle horn and pulls the steer to the left, exposing the steer's hind legs to the healer on the right. The healer then attempts to rope both steer's hind legs. The clock is stopped when the cowboys have successfully roped the steer, there is no slack in their ropes, and their horses are facing each other. There is a five second penalty if the healer only catches one leg and a ten second penalty if the rider breaks the barrier or leaves the box too soon, failing to give the animal enough of a head start. Expert team ropers can complete this event in 5 seconds or less! Fun Fact-The header's rope will usually be a bit shorter and softer while the healer's rope is a bit longer and harder. BARREL RACING

Barrel Racing or "Chasing the Cans" is an exciting timed event where the horse and rider enter the arena, race around three barrels in a cloverleaf pattern, then race out of the arena as fast as they can! The horse and rider can start with either the barrel on the left or the barrel on the right. If they start with the barrel on the right, they'll also circle that barrel to the right and then the next two barrels are circled to the left. (Right Left Left.) If they start with the barrel on the left, they'll also circle it to the left and then the next two barrels are circled to the right. (Left Right Right.) When all three barrels have been circled in this cloverleaf pattern, they gallop at top speed toward the arena exit across the timing light beam. Times are so close that electronic timing devices accurate to the hundredth of a second must be used. Fastest time wins but time may be added to the clock with penalties such as missing the pattern, running out of turn, knocking over a barrel, or falling off the horse. Touching a barrel is usually permitted without penalty. Barrel racers have a special saddle that's specially designed to help keep the rider in the saddle (it has a high cantle in the front and high seat at the rear). These saddles are a bit shorter than a typical Western Saddle but give the horse more agility and freer movement. Horses are also typically equipped with "boots" to protect their legs from the barrels or from their own hooves. Years of practice and training go into the successful barrel racing teams and a proven barrel racing horse can cost \$50,000! *Excerpts taken from The Rodeo Guide for City Slickers by Graeme Menzies*

BREAKAWAY ROPING

Breakaway roping is a variation of calf roping where a calf is roped, but not thrown and tied. It is a rodeo event that features a calf and one mounted rider. The calves are moved one at a time through narrow runs leading to a chute with spring-loaded doors. The roper must throw the rope in a loop around the calf's neck. Once the rope is around the calf's neck, the roper signals the horse to stop suddenly. The rope is tied to the saddle horn with a string. When the calf hits the end of the rope, the rope is pulled tight and the string breaks. Breakaway roping is usually seen in junior, high school, college, semi-professional, and professional rodeos for female contestants. Wikipedia

Due to the rapid growth that Breakaway roping has recently experienced, it is now featured at over 300 Professional Rodeo Cowboys Association (PRCA) rodeos annually. This success has resulted in an increase in prize money at the National Finals Breakaway Roping (NFBR) to reach \$250,000! Prorodeo.com

ASHLYN BURKE

My name is **Ashlyn Burke** and I am 8 years old. I attend Redlands Christian School and I am in 2nd grade. I love swimming, playing basketball, ice hockey and doing gymnastics. My family has 2 dogs and 3 horses. My horse's name is Scotty. Scotty and I love to trail ride but we also do arena work. I will be old enough to start showing Scotty with my 4-H club next year. Scotty is my best friend and we would both be so happy to represent the Yucaipa Rodeo as the Yucaipa Little Miss Rodeo Queen.

Let's Rodeo! My name is **Anna Cleary**, and I love horses! My best friend is a snowflake Appaloosa named Cosmic Comet. Together we trail ride looking for new adventures, and we compete in Gymkhana. When I am older, I would like to compete at the Rodeo in barrel racing. I also work hard at school to stay on the Honor Roll. My favorite subjects are math, science, and clarinet. I am a part of my school's Cheer Squad, I love swimming and dancing, and most of all, I love spending time with my family (which includes my horse) and friends. It is a great honor, and lots of fun, to be part of the Yucaipa Rodeo!

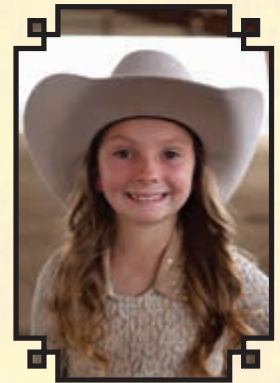

ANNA CLEARLY

RAUNI JAMES

My name is **Rauni James** and my horse's name is Wilbur, he is 14 years old. My favorite memories with my horse are when we have fast and clean runs! I have been riding since I was 6 years old, and Wilbur was my first horse to compete on. Some of my other hobbies are going to the lake skiing and doing arts and crafts. I love spending time with my family and my favorite rodeo to go to with them has always been the Yucaipa rodeo!!

My name is **Layla Johns** and I am 9 years old. I am in the fourth grade and attend River Springs Charter School. My hometown is Yucaipa, but now I live in Banning. I have lived with horses my whole life. I have been a member of California State Horsemen Association since 2017 and started riding lead-line at the age of 2. That's when I got my first horse Scootaloo. She's a miniature horse and was the perfect size for me. Since then, I have learned a lot about horses. I have been taking lessons and riding on my own for 5 years! My current gymkhana pony is Tornado. He is a jet-black pony and we have been riding gymkhana together for 2 years in division 5. I also have a cute red roan appaloosa show pony. Her name is Loretta. We won a buckle riding western pleasure at a 4H benefit show in 2021. I also recently showed an Arabian horse at the Scottsdale show in Arizona! My next goal is to ride in the Yucaipa Rodeo and be your next Little Miss Yucaipa Rodeo 2025!

LAYLA JOHNS

CHARLEY MONUGIAN

Howdy Y'all, my name is **Charley Monugian**, I am 7 years old. I am currently homeschooled. I have been riding horses all my life but seriously riding for the last year. Along with riding, my other passions include piano, showing my rabbit, goat, and chickens for 4-H as well as helping with chores on our farm. This is my first time running for any title and my goal is to have fun! Thank you for joining us at the 2024 Yucaipa Rodeo!

My name is **Paige Padilla**. I am six years old, and I am in first grade. I have a horse named Splash and I have been riding since I was four years old. My favorite part of the day is when I get to ride her! When I am not riding my horse, I like to play with my little brother and hang out with my mom and dad. MADASYN BUTLER

Hello, my name is **Madasyn Butler**. I am 12 years old and I am a 6th grader with Granite Mountain Charter School. I currently own an APHA mare who I call Hunny, my pinto pony Cisco who helped me win my first saddle at our CGA State Finals last year and my POA Salty, who I am lucky to lease. I am an active member of Alvord Aggies 4-H club in Norco where I participate in the Equine, swine, sheep, market goat and dairy goat projects. I have shown my projects at Norco Fair, SoCal Fair in Perris, and the Riverside County Fair in Indio for the past 3 years. When I am not found in a livestock show ring, I can be found riding at my local gymkhana with the Norco Ranglers and Modjeska Mavericks. I am no stranger to the rodeo queen world. I have held my first 4 titles in Norco with the Norco Mounted Posse and Norco Horseweek. I am beyond excited to be competing for the title of Young Miss Yucaipa Rodeo. Yucaipa Rodeo has always been one of my favorite rodeos to attend as visiting royalty in the past and I would be honored to represent the City of Yucaipa and the Yucaipa Rodeo as their Young Miss.

I am beyond excited to be a part of the Yucaipa Rodeo and I look forward to representing the amazing community of Yucaipa!

NOVA HAMILTON

My name is **Nova Starr Hamilton**. I'm 10 years old and live in the beautiful city of Yucaipa. My love of horses started when I was very little and after begging my mom for a horse, I got my first horse at 7. I take lessons and ride in gymkhana. One day I hope to be Miss Yucaipa Rodeo queen!

SOPHIA SHELTON

Hello, my name is **Sophia Shelton**. I am 13 years old, and I live with my parents and brother in a rural area of Banning. I have 8 pets, 2 donkeys, 2 Saanen goats, 2 dachshunds, and 2 horses, Romeo and Jax. I attend Highland Charter Academy and I'm an Honor Roll student. I was elected as a representative for the school's Performing Arts Club and I'm currently performing the role of young Anna in my schools musical, Frozen. I have been a member of 4-H Pass Pioneers for 3 years. This year I am holding the position of Sergeant of Arms. My two horses are very special to me. Jax is an old, gentle gelding that came to me the week I lost my heart horse. This past Christmas I was surprised to receive my newest horse Romeo, an Appaloosa. I enjoy learning about western lifestyle and sharing it with others when they're curious.

Junior Miss Contestants

ALYSSA BURKE

Hi! My name is **Alyssa Burke**. I am 15 years old and I am a freshman at Arrowhead Christian Academy. Go Eagles!! My family and my faith are most important to me. I have been riding horses since I was 8 years old but it wasn't until I was 12 that I met my best friend, Kona. When I am not riding Kona, I enjoy playing basketball or ice hockey. Kona and I would be honored to represent you as the 2025 Yucaipa Jr. Miss Rodeo Queen.

ABIGAIL OLEA

Howdy! My name is **Abigail Olea**, I'm 15 years old, reside in the quaint mountainous town of Twin Peaks, and am homeschooled. I have been riding for nine years but purchased my first handsome boy, Ahwahnee, when I was 12. He and I enjoy trails and competing in gymkhanas together. Outside of riding I delight in the Lord, dirt bike riding, and various forms of art. I have decided to push my horse and myself out of our comfort zone to experience the world of rodeo. I'm eagerly looking forward to our future challenges and rodeos.

JILIYN STEINBERG

Hi, my name is **Jiliyn Steinberg**, I am 15 years old, a sophomore in high school and live in Cherry Valley. I enjoy spending time with my crazy dogs and horses, being a part of the catering club at my school (because I love food!) and raising pigs as a member of Pass Pioneers 4H club. My love for horses began while volunteering regularly at a rescue 6 years ago and have been riding ever since. From feeding time to training sessions and competing with my mustangs in gymkhanas for regions 11 & 14, my days are packed, but I wouldn't change a thing! I am planning to study equine psychology and behavior after graduation. The Yucaipa Rodeo is a hometown tradition and one of the community's most cherished events that me and my family wouldn't dare miss. I am so excited and proud to be a contestant this year. Welcome everyone, I hope y'all enjoy the rodeo!

EMILY CULLINS

Hello, I'm **Emily Cullins** and I spend my days teaching and entertaining my little coworkers, my preschool students. I absolutely love my job, even when I have to help soothe the little crying hearts. Outside of work I am still a student myself. I currently attend Arizona State University in the aspiration of completing my Early Childhood Education degree, to become a Kindergarten teacher. I grew up with a strong love of Agriculture, having been very active in the Pass Pioneers 4-H and the Citrus Hill FFA and I participated in every livestock, leadership, and public speaking project available. I'm now 23 and I still enjoy these same activities speaking at any event I can, leading youngsters and showing my horse in the ranch horse events and the western all around. I'm very excited for the Yucaipa Rodeo, Miss Rodeo Yucaipa pageant and to help teach the public about our Western Roots.

Hello, my name is **Presley Jackson** and I'm a 21-year-old cowgirl who lives in Hemet, California. I'm a Veterinarian Technician who not only has a passion for animals, but I also love the sport of rodeo. I have been riding and competing for the past 5 years and I plan to continue my career in rodeo.

PRESLEY JACKSON

PRISCILLA JOHNSON

Exceptional Miss Contestant

My name is **Priscilla Johnson**. I am 7 years old. I go to Competitive Edge Charter Academy in Yucaipa and I'm in 1st grade. Outside of school, I love to help my Mom, Dad, and siblings with our mini hobby farm and vegetable garden. I am currently taking horseback riding lessons and enjoy learning about all the animals on the ranch. Any time I'm faced with a challenge, I approach it with incredible determination and resilience. My hope for the future is to have my own horse to compete in a rodeo together.

2023/2024 Rodeo Queens

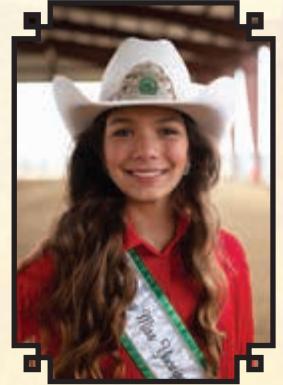

KASSIDY GUTIERREZ

My name is **Kassidy Gutierrez**, your Little Miss Yucaipa Rodeo Queen and I am 10 years old. Currently, I am in 4th grade, and I absolutely love everything about horses and riding. My beloved pony, Sweet Pea, and I have traveled to many cities and rodeos representing Yucaipa. Being a rodeo queen not only allows me to have fun with my pony, but it also gives me the chance to make new friendships with other queens and riders. One of my ultimate goals is to become a champion at the Scottsdale Arabian Horse Show on my Arabian horse, Najm. I also am wanting to compete again in 2025 to become a Yucaipa Rodeo Queen. I am thankful for my family and friends that have helped me achieve my goals and continue to support me with my dreams. It has been a dream come true and I am looking forward to competing again in 2025.

Hi, my name is **Quinn Bonhus**! I am 12 years old, and live in Yucaipa with my parents, three younger siblings, and our little funny farm of animals. I am your current Young Miss Yucaipa Rodeo Queen. During my time as rodeo queen, I have been pushed out of my comfort zone in the best ways. My horse and I have had an amazing time and have grown SO much together. I have had so much fun going to all the other local rodeos and representing my amazing town.

I have made new friends and gained new skills, while watching all of the amazing talent the sport of rodeo has to offer. I even met a famous trick rider from my favorite TV show at the San Bernardino County Sheriff's rodeo! This experience has been the gift of a lifetime. I cannot wait to see who will be the new Young Miss Yucaipa Rodeo Queen!!

QUINN BONHUS

RIVER ANDERSON

Hello, I'm **River Anderson** and being the Junior Miss Yucaipa Rodeo Queen has been such a great experience. It has taught me so many great skills about communication and presenting in front of people. Going to different rodeos, and parades has also taught me how to stay calm in chaotic situations and focus on the fun and everything I do! Overall being Yucaipa Rodeo Jr. Miss this year has made me grow so much in my personal life and in my academics. I am so thankful that I was blessed with such a great opportunity!

Hello, I'm **CallieAnne VanDam** and being your Miss Rodeo Yucaipa Queen has been an incredibly memorable experience! I've always aspired to be a rodeo queen and be involved in the sport of rodeo. Holding the title of Miss Rodeo Yucaipa is a first for me, and it has surpassed all my expectations. Representing the Yucaipa Rodeo this past year has been a true honor! My passion and knowledge of rodeo has only deepened throughout this journey.

This experience has taught me so much about all things rodeo and what it means to be a rodeo queen. I've had the privilege of meeting countless incredible individuals and riding some remarkable horses. I have loved getting to share this experience with my fellow rodeo queens and always ride alongside them in rodeos and parades. Among the many cherished memories I've made as Miss Rodeo Yucaipa, my favorites have been presenting the American flag for my rodeo, attending rodeos as a visiting queen, and talking with the little kids at rodeos while signing autographs for them.

RODEO LIVESTOCK

The Humane Facts

In professional rodeo, cowboys share the limelight with the livestock. Rodeo is a rugged, wild sport. Like a well-conditioned athlete, an animal can perform well only if it is healthy. Any cowboy will tell you he takes home a paycheck only when the animal is in top form. Specific rules govern how long an animal can remain in transit before a rest, how many times an animal can perform in a specified period of time, and that an inspection of the animals is required before each performance; any animals deemed not in top condition, do not perform. Additional rules govern facilities to be free of hazards to the animals, specify arena preparation, a conveyance for transport of injured animals, the use of fleeced lined flank straps placed away from animal's genitals, prohibit sharpened spurs by riders, and require the presence of a veterinarian on site for all performances.

Stock contractors pay up to five figures for top rated animals. Naturally, this motivates care of these investments. For many, these animals are more than mere investments they are "members of the family". The average bucking horse, or bull, works less than five minutes a year in the arena, as a result they can live to be 20 years of age and 15 years respectively. Veterinarians attribute these long healthy life spans to good care, quality feed, and adequate exercise.

Some bulls and horses have natural bucking tendencies. The absolute determination to buck if something is on its back, often an inherited trait, is what makes an animal a candidate for rodeo livestock. This tendency is the focus of the "Born to Buck" breeding program. Simply stated, "If everything is done right, when the animals arrive at the arena, they're excited. They know the game and they're looking forward to it. They are ready to buck!"

IN LOVING MEMORY

There is a quote from Warren Buffet that reminds me of Bob and Dottie. **“Someone’s sitting in the shade today because someone planted a tree a long time ago.”** This weekend we are sitting in that shade. Together they were the best example of support and love for a community.

We lost Dottie in 2014 and Bob in 2019; this arena and the roof over our heads is the Yucaipa Equestrian Committee Member’s dedication to their dream for our community.

I read in an article after their passing that they referred to them as the “King and Queen of Yucaipa”. No truer words.

Both Bob and Dottie were passionate, dedicated, and gave of their precious time through countless acts of service for our Country, City, and Community. I would love to list out in detail the fruits of their efforts, but you only need to look around tonight. This Equestrian Center is the realization of a dream **for others.**

There is a dedication plaque permanently located near the snack bar. Please take time tonight to visit this tribute to Bob and Dottie. May it always remind us to be passionate, have a dream, and do your best to serve our community.

YUCAIPA EQUESTRIAN ARENA COMMITTEE

The Yucaipa Equestrian Arena Committee (YEAC) is a non-profit, volunteer organization made up of people of all ages from Yucaipa and surrounding areas. Our mission is to promote the use of the Yucaipa Equestrian Center, to preserve, maintain, and improve the facility, and to involve the community in equestrian activities, as well as support the rural way of life.

Yucaipa Rodeo is just one of the many events that go on at the Yucaipa Equestrian Center. YEAC is active year-round with events at the arena, as we like to coordinate events such as YEAC Cattle Arena Sorting, as well as host events for other equestrian clubs such as 40 Something Cowgirls, California State Horsemen's Association, Tennessee Walking Horse Club, Pass Pioneers 4H Club, Southern California Youth Bull Riders, California High School Rodeo Association, and JR Productions/United States Team Penning Association, to name a few. For information on renting the facility, visit www.YucaipaEquestrianCenter.com.

YEAC believes in giving back to the community and we are happy to support these local community organizations and teams for the 2024 year: Yucaipa Valley Lions Club, East Valley Mounted Posse, Yucaipa Athletic Soccer Club Spartans FC, San Bernardino Horseman's Association, California State Horsemen's Association, Yucaipa Valley American Little League, and Pass Pioneers 4-H Club.

YEAC is especially active all year long with the Pass Pioneers 4-H Club. The goal of 4-H is to develop citizenship, leadership, responsibility, and life skills of youth through experiential learning programs and a positive youth development approach. Their motto is "To Make the Best Better".

YEAC strives to be a center of education for the community offering such classes as Equine safety/helmet clinic, Equine First Aid, Horsemanship, Stop the Bleed, and Hands-only CPR and we are excited to announce we will be providing a scholarship in 2024 to benefit local youth. Stay tuned for details!

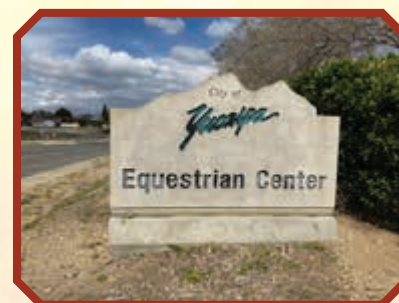

We are extremely grateful for all that we've been able to do and all the improvements that have been made to the Yucaipa Equestrian Center most notably the Dottie Potter Memorial Arena Cover! And we have plans for so much more. It's amazing what can be done when we work together as a community! Thank you for your support of the Yucaipa Equestrian Center!
